It is presumed that the information required is in respect of ferries that are maintained as direct consequence of the monsoon. In this connection I have to state that during the monsoon it may not be possible to maintain the ferry in some rivers as the ~~flood~~ flow will be very fast and it would be dangerous. In the above view the total number of ferries maintained as a consequence of monsoon in the South Kanara District in this Department is 3 i.e., 1. Halady. 2. Jadkal and 3. Hosmat.
